Proposals for Further Insurance.

OFFICIAL MEMORANDUM.

ORDER NO. FL. 2726-80—G. F. 145-39-2, DATED BANGALORE, THE 14TH NOVEMBER 1939.

It has come to the notice of Government that many permanent employees of Government have either not insured at all, or have not insured up to the prescribed limit of compulsory insurance, under the State Life Insurance Scheme. The attention of all Heads of Departments and other Drawing Officers is invited to Rules 6, 7 and 8 of the Rules of the Official Branch of the Government Insurance Department which make it obligatory on the part of every person who enters the permanent pensionable service of Government to insure in the Official Branch and contribute 10 per cent of his pay every month as premium, and which also lay down that whenever the pay of an insured is permanently increased and the premium already payable for the existing insurance does not amount to 10 per cent of the pay as increased, a further insurance shall be effected for such additional premium as will bring up the total to not less than 10 per cent of the pay.

Further, every Drawing Officer is required to satisfy himself in respect of the employees working under him that all persons permanently entertained as well as the insured officials who have received permanent increase to their pay during a particular month have duly submitted their proposals for the first and further insurance, and to record a certificate that he has done so in the establishment salary bill of every month. Government regret to note that these certificates are in several instances being made by the Drawing Officers as a mere formality without the requisite scrutiny.

Government desire to impress upon all the Heads of Departments and Officers the desirability of securing the due enforcement of the provisions of the rules laid down in this behalf and to direct that needful action be taken immediately to see that all employees who are required under the rules to insure their lives or send up proposals for further insurance do so at the earliest opportunity and that no slackness is allowed to recur in this respect in future.
